

### **Photographic exhibition 13th-25th July at St Gregory's Church**

Everyone has a unique faith story. Some people grow up in church, others find faith as a young person, adult, or later in life. Some people have a big moment, while for others faith develops slowly over time. Watch the personal stories of ten people from Dorset and Wiltshire. They've shared their story to encourage better conversations about faith.

Stories will be shared daily on Diocese of Salisbury's Facebook, Instagram and TikTok channels; however, you can watch all the videos through YouTube, or you can visit the travelling photographic exhibition being held at St Gregory's Church from Sunday 13th-25th July.

And we will be sharing local faith stories within our 10am Sunday services during August. Why don't you come along and hear for yourself?
